

## What Others Are Saying...

"Paul Gibbs is a man who loves God and loves to share God's love with others through his music. His songs and recordings have blessed many in personal concerts and on radio and television. I recommend his ministry." Rev. Dave Lefurgey, Pastor, Hudson Falls United Methodist Church, Hudson Falls, NY

"When the Psalmist said, 'Praise the LORD with the lyre; make melody to him with the harp of ten strings,' he must have had someone like Paul Gibbs in mind. In every setting that I have seen him, Paul offers God's generous, loving invitation to new life. I can recommend him to you without hesitation or reservation. His ministry will be a blessing to you." Pastor Ralph A. Marino, Shenendehowa United Methodist Church, Clifton Park NY

"Paul Gibbs has provided worship on Sunday mornings for two of my church congregations. His love of the Lord, his quiet voice and musical ability touches hearts and draws the Holy Spirit into the worship setting. His rendition of classic hymns and contemporary music is a source of comfort and peace to any audience." The Rev. Patricia Girard, Pastor, Trinity United Methodist Church of Wilton, NY

"Paul has shared his musical gifts with our congregation on many occasions, both during worship services and at special events he has hosted at our church. Paul radiates an honest, gentle spirit as he ministers to us in song. We have been uplifted and blessed through Paul's friendship and his desire to bring praise to Christ." Rev. Scott M. Smith, Pastor, First Baptist Church, Hudson Falls, New York

"It was a true joy having Paul Gibbs in concert at our newly forming church. His gentle, reverent spirit shines brightly as he leads in worship, whether it be in solo or congregation singing. He is able to create an environment for truly worshipping God through music. The Lord has also gifted him in the ability to write beautiful, touching songs about emotions and life experiences that are common to us all. We would highly recommend Paul to any church, as he loves the Lord, desires to use his talents for Him, and is very pleasant to work with." Lyandon and Kim Warren, Mettowee Valley Church, West Pawlet VT

*"Spreading God's Word,  
Through His Gift Of Music!"*

## The Basics...

**P**aul lives in Hudson Falls, NY with his wife Wanda and their children Jessica and Scott. He performed secular music in the greater Glens Falls, NY area in the '70s and 80s, and started writing and recording Christian music in the mid-90s. Paul has performed his original and other Inspirational music at churches, national and regional conventions and other venues in the eastern US and Colorado.

**H**is several music albums include "A Different Light", "Because", "Where Will You Go?", "Blessed", "So Much More", "In His Time", "This Is Christmas", "Now And Again", and an instrumental collection of traditional hymns entitled, "Hymns Of Faith And Hope". His music can be heard and downloaded at iTunes.com, Amazon.com and other internet websites. More info on each album is available at Paul's website.

**O**n the stage, Paul seeks to bring his audience into closer fellowship with God through the songs he sings and his own testimony. The music he performs is a mixture of his original music and the music of others. His style ranges from contemporary worship songs to traditional hymns and Southern Gospel as well. Many songs are performed with background accompaniment tracks that Paul prepares in his studio,

while he performs others with live keyboard or guitar, often inviting the audience to join him, and leading them in a time of musical praise and worship.

## Expanding Territory...

**P**aul's prayer for his ministry echoes the prayer of Jabez in the Old Testament when he begged the Lord, "Oh, that you would enlarge my territory!" God answered that prayer for Jabez, and He is answering it for Paul's ministry as well. In fact, Paul's life and ministry are an awesome testimony to what God will do when we ask Him to bless us that we might bless others!

## The Studio...

**I**n the lower level of the Gibbs home at 63 Fairview Lane in Hudson Falls, NY is Serenity Sounds Studio, where Paul writes and records his albums and background tracks. Other musicians are often invited to perform on Paul's recordings as well. Starting out with just a tape recorder, microphone, some keyboards, and blankets hung from the ceiling to isolate and deaden the sound, Paul and Wanda remodeled it into a professional facility in 1996,

building double walls for soundproofing, installing acoustically insulated ceilings, and more equipment. The tape recorder was soon replaced by digital computer-based recording. Other artists have occasionally come to the studio to record, and Paul has performed music and background vocals for them as well. He has also produced occasional radio spots and jingles for local radio, and has appeared on TV in the Glens Falls, NY and Burlington, VT areas.

## On The Air...

**I**n 1994, Paul was asked to prepare a 30-minute radio show for broadcast on WWSC 1450-AM, a

radio station in Glens Falls, NY. Though having no experience in broadcasting, he decided to give it a try, and weekly radio program "Music With A Message" was born. Paul later renamed the show "The Jesscott Music Hour", which he recorded in his studio and which was heard on local Christian radio, and around the world at our website, each week through the end of 2007. Plans are underway for a new broadcast which will involve radio, internet, or both, and which will once again bring Paul's music, and the music of others, to a hurting world that desperately needs to hear God's message. Visit our website for details, which will be posted there as God's plan unfolds!
